

We would like you to think about the friends your child spent the most time with last year.

Use the following scale for questions 1 through 9 -- question 10 has its own scale

1 = Very Much 2 = Somewhat 3 = A Little 4 = Not at All

[Enter 1, 2, 3, or 4 and the cursor will automatically move to the next box]

Think about your son's/daughter's first best friend.

1. Does this friend get into trouble with teachers, the police, or other adults? _____
2. Does this friend do things you disapprove of? _____
3. Are you concerned about the negative influence this friend has on your child? _____

Now, think about the second best friend and answer the same questions.

4. Does this friend get into trouble with teachers, the police, or other adults? _____
5. Does this friend do things you disapprove of? _____
6. Are you concerned about the negative influence this friend has on your child? _____

Now, think about the other friends your child hangs around with and answer the same questions.

7. Do these friends get into trouble with teachers, the police, or other adults? _____
8. Do these friends do things you disapprove of? _____
9. Are you concerned about the negative influence these friends have on your child? _____
10. How much does your son/daughter hang around with kids who get into trouble? _____

1 = Never 2 = Almost Never 3 = Some 4 = Frequently 5 = All the Time
