The following questions refer to yourself and your current or most recent boyfriend/girlfriend. Please remember that all of these questions refer only to your relationship with this person.

No matter how well a couple gets along, there are times when they disagree, get annoyed with the other person, want different things from each other, or just have spats or fights because they are in a bad mood, are tired, or for some other reason. Couples also have many different ways of trying to settle their differences.

This is a list of things that may have happened during disagreements with your current or most recent boyfriend/girlfriend. Please use the number below to indicate if each event has never happened, has happened but not in the past year (that is, occurred in the more distant past, but not in the past year), or has happened in the past year. If it has happened in the past year, please use these number to indicate how many times it has happened in the past year.

For each question, please tell me how often did this happen.
